

**THE
AMERICAN
CONSERVATIVE
UNION**

September 27, 2010

Congressman Tom Price
Chairman
Republican Study Committee
424 Cannon House Office Building
Washington, DC 20515

Dear Mr. Chairman:

The American Conservative Union is pleased to add its endorsement to the Republican Study Committee's Continuing Resolution, H.J. Res. 96.

This resolution would begin now the vital process of rolling back the massive spending increases embodied in the current budget. It would prevent funding of the federal takeover of our health care system until a new Congress has had the opportunity to review it. The resolution also protects current restrictions on government support for abortion and would extend the earmark moratorium now observed by House Republicans.

By passing this resolution, Congress would be prevented from a Lame Duck session in which budget policy would be made by members of Congress who no longer have to face the voters. ACU urges all members to co-sponsor this resolution and make a stand now for a conservative fiscal policy.

Sincerely,

Larry Hart
Director of Government Relations
The American Conservative Union
